Data sheet

acs 600 ec O3 - 1x va- rithek®

The mobile front cooking station with innovative extraction technology.

The mobile station with integrated “air cleaning system” push & pull extraction technology including plasma technology, made entirely of high-quality stainless steel, offers unlimited flexibility and mobility when cooking and makes front cooking an experience – without any unwanted odours.

With a digital control and a reliable, multi-layer filter system in the substructure consisting of a grease, activated carbon and pollutant filter and patented O3 plasma technology. The plasma generator not only neutralises the odours, but also eliminates bacteria and microorganisms.

Thanks to the perfectly lateral air flow (ec) from left to right, a flame-retardant high-performance cyclone filter is used to remove the vapours formed during cooking from the grease, water and odour-laden air right where they originate.

The digital control offers a variety of useful functions, such as a display indicating the degree of wear of the filter elements (activated carbon filter), 4-level extraction power as well as a display of faults by means of continuous text. Different coloured LED lights indicate the operating status, an operating hours counter is also integrated and there is a safe alarm function with a buzzer.

TECHNICAL SPECIFICATIONS

acs 600 ec O3 - 1x varithek®

TECHNICAL SPECIFICATIONS

Dimensions	602 x 722 x 1001 mm
Material	stainless steel 1.4301 (CNS)
Weight	100 kg
Connected load	11.000 W
Rated voltage	3N AC 400 V 50/60 Hz
Plug type	CEE-Plug 400V/16A
Cable length	2.000 mm
Protection class	IPX4
Castor	4 swivel castors with brakes
Wheel diameter	80 mm
Ambient temperature	+5°C to +40°C
Order number	91 14 01 95

BENEFITS

- 3-sided panelled station made of stainless steel.
- Recessed stainless steel worktop with a tightly welded installation niche.
- Optimal hygiene thanks to the 3-sided splash guard.
- Right side wall with a high-performance grease separator, removable grease collection tray.
- Low-noise radial fan, patented plasma technology and activated carbon filter, for odour neutralisation and the elimination of bacteria/microorganisms.
- Optimal, safe to move.
- 2 moisture-proof sockets with a hinged cover.
- Left side wall can be folded up.
- Dishwasher-safe cyclone filter.
- Removable 3-sided splash guard.
- acs components can be removed without tools.
